

# Technical Service Information

## **FORD AXOD / AXODE NEW STEEL FORWARD CLUTCH PISTON**

**CHANGE:** The forward clutch piston material has changed to steel, instead of the previous aluminum piston.

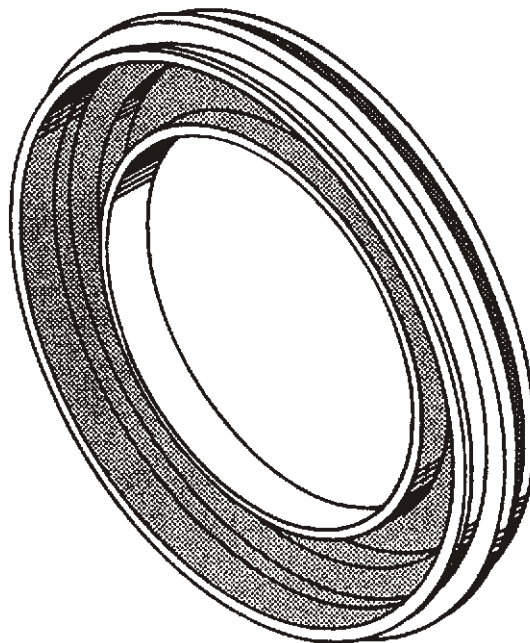

**REASON:** To eliminate cracks from occurring in the seal groove, and greatly improved durability.

**PARTS AFFECTED:**  
Forward Clutch Piston now manufactured out of steel.

**INTERCHANGEABILITY:**  
Can be use on all previous models of the AXOD, AXOD-E and AX4S.

**SERVICE INFORMATION:**

Forward Clutch Piston (all except SHO).....	F4DZ-7A262-A
Forward Clutch Piston (3.2L SHO only).....	F4DZ-7A262-B
